- 3) Working with technology
- 4) Time Management
- 5) Your contribution to the Final products

CLIL Module 1

1. Collaboration with your classmates is essential in sport, as well as different competitions
2. Independent actions are important because they ensure the team's success
3. Tehnology in sport is used only to promote
4. Time was short, because there were other activities in the school, as well.
5. We worked together in order to obtain a PPT presentation and a video

CLIL Module 2

1. Every member in a team had a task
2. Teamwork ios more efficient than individual work
3. The projects can be done easier if we use IT.
4. The time was enough, but if it had been more, maybe we would have dine more interesting things.
5. WE ellaborated documents with information and we took pictures.

CLIL Module 3

1. The benefits of sport are many, for both team sports and individual sports.
2. Performance in sport can be obtained in a team or by yourself, depending on what you choose.
3. With the new technologies we can obtain useful information easier
4. The time for the activities was rather sufficient.
5. Every student came with ideas in order to make the final products.

CLIL Module 4

1. Collaboration inside the team can get good results much faster than by working individually.
2. The tasks correctly solved by each member of the team can lead to a successful team.
3. Using IT, one can make beautiful presentations in any domain.
4. For the activities of thins module we would have needed more time.
- 5.. All the colleagues contributed with information and ideas to the final products.

CLIL Module 5

1. Together with our colleagues we made posters.
2. Every good idea was used.
3. The IT instruments were used to make presentations and videos.
4. The time was not enough for all the activities.
5. We all participated with ideas and information in order to finish the products.

CLIL Module 6

1. With the colleagues we took part in talks about the importance of sport and diet to our health.
2. We trained both at home and at school, with our colleagues
3. We used the computer and the Internet to solve tasks in the project.
4. We would have needed some more time for the physical activities in a team and to find out about the healthy diet
5. We worked to make food pyramids and a traditional menu.

CLIL Module 7

1. Modern education is a lot of teamwork and peers collaboration
2. Nowadays education forces you to solve tasks on your own, using all resources.
3. The computer is a big help for today's education.
4. We would have needed a longer time to solve the tasks properly
5. We worked in groups to accomplish all we set out to do.

Mobility to Byalystock, Poland – April 2016

Mobility to Istanbul -Turkey – May 2016

Mobility to Moreni, Romania – February 2017

- We worked in good conditions with the peers in the other schools in Europe.
- We shared our ideas with the colleagues.
- We tried to make it in time.
- We have enriched our experience in terms of using IT to find information, for communication and making projects.
- To make the final products we came up with personal ideas which were used by the team
- We took part both in the team sports activities and in the individual sports activities
- The cultural and social experiences were very benefic, we learned a lot from the Italian and Turkish culture and traditions.

Answer the following questions in relation to the Mobility experience:

what difficulties (language and integration problems) did you have in integrating in a foreign country and how did you sort them out?

- Although we don't speak English very well, we managed to communicate well with the students in the other European schools.

Answer the following questions about the whole project:

What difficulties did you have in carrying out the assigned tasks during the whole project and how did you face and overcome them?

- There were no big issues during the activities, as the teachers helped us a lot.
