Write about what activities you did during the project:

Evaluate your skills while working for the CLIL Modules as regards:

- 1) Working with your classmates
- 2) Independence in carrying out tasks
- 3) Working with technology
- 4) Time Management
- 5) Your contribution to the Final products

CLIL Module 1

1. Romanian traditional sports are team sports and cooperation is necessary
2. Being independent in solving tasks means developing your own thinking
3. Using the computer and the Internet teaches you to work by yourself
4. Time had to be very well organised, in order to be enough
5. We discussed a lot in order to obtain the final products

CLIL Module 2

1. The groups of students researched to find information
2. Some of the colleagues worked a lot at home as well and brought their work to be used in the group
3. IT was used by our group to make presentations
4. Time was quite suitable
5. For the final products we made presentations, photographs, word documentation

CLIL Module 3

1. Individual sport can be a good example for the others
2. The personal effort is important in individual sports but also in a team
3. We used the computer and the phone for research, photos and films
4. The time for the activities of the project was rather short
5. We helped each other in order to find the most representative ways to make the final products

CLIL Module 4

1. In the team sports communication among its members is very important, under every aspect
2. Every person's contribution adds to the team's success
3. The computer and the other equipments were used in the activities in order to make the models for the final products
4. A few hours extra would have been a good idea for better solved tasks
5. We haven't properly worked to make the final products, but we came up with many personal ideas

CLIL Module 5

1. This module needed good collaboration within all the members of the group
2. We developed our teamspirit even if we came up with our own ideas
3. We edited the articles about doping in different sports, using the IT equipment
4. The time resources were almost enough
5. We took part in making the final products by researching information about the subject and we helped in editing the articles

CLIL Module 6

1. We tried to share with the others the positive aspects in our personal lives, regarding the physical activities and the healthy food
2. The physical activities and the healthy food in the personal lives can be a good example for our friends too.
3. We made the food pyramid electronically
4. The time was enough for the activities of this module
5. The final products we made are useful for the healthy life of each of us

CLIL Module 7

1. We usually collaborate well in the groups formed of the classmates
2. Teamwork is naturally also about the personal involvement in solving the tasks
3. The new technologies are more and more a part of the lessons and of the school activities
4. There is almost never enough time when there is teamwork!
5. The final products are useful in the development of the personality of every student who uses them
