

## Interview for Parents

- 1- How do you feel about the Project as a stakeholder?
- 2- Thanks to the Project, did you observe any positive effects on your child's thoughts or behaviours towards school and lessons?
- 3- And did you observe any skills that your child has developed?
- 4- What do you think about the mobilities?
- 5- Do you have any suggestions for future projects?

## Parents' Answers to the Interview

- ✓ Great opportunity to meet new friends, get to know their lives and culture; Involvement in project has changed behaviour and guarantees that communication in English expands the horizons of young people. Thanks.
- ✓
  1. Project definitely is necessary. I am happy that my child can develop his English language skills and get to know new cultures, acquiring new knowledge.
  2. My kid has become more open and can communicate in the English language much better.
  3. English language skills, communication with other nationality people.
  4. It should be continued in the future.
  5. I would advise to involve even more countries.

- ✓ It was very interesting.

Yes, I am.

Improved English language skills, became more confident.

It was a very good experience, well spent time.

Certainly not so many school projects are necessary. To expand the number of member states.

- ✓ I have a very positive attitude to the project.

Yes, I am.

Improved knowledge of English.

It is a very good opportunity to be in other countries and see culture.

To increase the number of member states.

- ✓ I support the project.
- 2. Got to know life in another country.
- 3. Got to know other country students' life.
- 4. Useful.
- 5. To continue this project.

- ✓
  - 1. Positive attitude because you can visit other countries and learn about other cultures.
  - 2. Without specific changes.
  - 3. Has become more communicable.
  - 4. For all positive.
  - 5. Good luck!

- ✓
  - 1. My attitude towards the project and its progress is positive. I am glad that my child is involved in the project.
  - 2. The improved English skills.
  - 3. Communication skills.
  - 4. Everything was well organized and took place without incident.
  - 5. You should continue this project!

- ✓
  - 1. Clearly positive, happy for the opportunity that my child can participate in it.
  - 2. Yes, I am. The child has become more diligent and was involved in other activities.
  - 3. Yes! My child has improved communication skills.
  - 4. It was interesting.
  - 5. Continue and improve the project.

- ✓ 1. My attitude to the project is positive.
- 2. The child has a serious attitude to studies.
- 3. Language skills.
- 4. A good opportunity to improve the language, to get to know the culture of other people.
- 5. It should be continued.

- ✓
  1. This project is interesting, because teenagers have a chance to get to know other country teenagers, their life and activities, how they live, their interests etc.
  2. Now they can better communicate in English.
  3. Got interested in Italian, music and cuisine.
  4. Very emotional activities, interesting chance to compare studies, the learning process, and mental differences etc.
  5. If there is such a chance we would like to continue this experience also in the future. For many students this was the first chance to communicate with people from several nations.

- ✓ 1. Interesting project. Such projects foster child's language development and ability to communicate.
- 2. Children are more interested in foreign languages and my child has no barriers when speaking.
- 3. Communication skills, safety and traveling spirit.
- 4. Excellent opportunity to get to know other countries and cultures.
- 5. Travel to distant countries / exchange program.

- ✓ 1. A positive response.
- 2. English speaking skill improved.
- 3. Very nice was the opportunity to visit other countries, the opportunity to meet with other students and see school life.
- 4. Teachers should organize more such opportunities.

- ✓ 1. I am glad about the opportunity my child had to explore other cultures exactly of the same age group.
- 2. She has become daring and venturous.
- 3. Improved English language skills, communication skills.
- 4. Opportunity to improve communication skills, an opportunity to get to know other cultures. She enjoyed visiting Italy.
- 5. To broaden their horizons, to organize more cooperation between the countries involved in and perhaps invite students from distant lands for example, Japan, China, Korea to join the project.

- ✓ 1. My attitude is positive. Involvement in the project widens the horizon not only of the student but also of the parents.
- 2. My grandson has a positive attitude to school and studies. Being part of the project has given a lot of various opportunities to get new experience whereas in the previous school where he studied there was not such an opportunity as the school was not involved in any project.
- 3. He improved his English language and ICT skills and wrote the Scientific Research Paper about the project (mandatory for each 11 form student). The project helped to choose the theme for the research.
- 4. My grandson took part in mobility to Poland and was really satisfied.
- 5. I support students' involvement in international projects as they not only help to widen students' knowledge, but also improve communication skills providing an opportunity to test the acquired knowledge in real life.
